CLARIFICATION 1

ATTN.: ALL PROSPECTIVE BIDDERS

**TENDER NO.: KEMSA/GOK-CPF/MAL-2023/2024-OIT-01 FOR SUPPLY OF
MALARIA RAPID DIAGNOSTIC TESTS (RDTs)**

In accordance with ITT Clause 7.1 (Clarification of Tendering Document) of the Open International Tender (OIT) issued under the above reference, we hereby respond to query raised by a prospective bidder:

Question:

In the Price Schedule for Goods, you have indicated that you require 48,000 unit packs of Kits of 25 tests each, which translates to the 1,200,000 cassettes. You have also indicated that the buffer, lancet, and alcohol swab must be enclosed together with the kit, which means that the number of buffer, lancet, and alcohol swabs should total to 1,200,000 each. However, you have not given similar instruction for the blood collection transfer devices, dessicants, and Instruction sheets. You need one blood collection transfer device, one dessicant, and one Instruction sheet per unit pack of 25, which means that you will need 48,000 blood collection transfer devices, 48,000 dessicant, and 48,000 Instruction sheets. Kindly, clarify on the exact number of items and accessories you need from bidders? Could you give a more precise price schedule that captures the cost of each item and accessories you need from bidders?

Response:

Please adhere to the technical specifications provided in the tender document.

Yours faithfully,

Gilbert Mamati
Ag. Director, Procurement
